Salmon with potato

Adult Dog - Small Breed

Super Premium Range

The **Super Premium** range benefits from a variety of high quality protein sources.

The range provides a selection of hypoallergenic recipes formulated without common food allergens for dogs - beef, pork, wheat, wheat gluten, dairy and soya.

Why Salmon?

Salmon is naturally rich in omega 3 essential fatty acids which have anti-inflammatory properties and provide support for skin and coat condition and joint health.

Why Potato?

Potato is an easily digestible carbohydrate source ideal for dogs with sensitive digestion.
