

# Salmon

with sweet potato and vegetables

## Large Breed Working Dog Puppy

### Grain Free Range

The **Grain Free** range includes a selection of the finest freshly prepared nutritious and highly digestible animal protein sources.

The range has been formulated with sweet potato and potato to be suitable for those with grain intolerance/sensitivity.

### Why Salmon?

**Salmon** is naturally rich in omega 3 essential fatty acids which have anti-inflammatory properties and provide support for skin and coat condition and joint health.

### Why Vegetables?

**Carrots** are a good source of Vitamin A which may help support eye health and vision. Peas are rich in vitamin K which plays a role in heart health, bone density and dental health.

### Recipe Claims

#### Minimum 26% Freshly Prepared Salmon

A responsibly sourced and highly digestible protein source.

#### 60% Total Salmon

Rich in amino acids, vitamins & minerals, salmon is a delicious source of protein.
