

80% Fish Treat

For Dogs and Cats

Your Treats Range 80/20

We ensure the same level of care, attention and nutritional expertise goes into each and every one of our treats. Each one is specifically formulated to be both a palatable and nutritious complementary feeding supplement.

Using our Freshtrusion™ technology, this treats range provides a nutritious and healthy way to reward pets.

The range has been formulated with responsibly sourced and highly digestible protein and is packed with 80% freshly prepared animal ingredients.

Your 80% Fish Treat

Salmon is naturally rich in omega 3 essential fatty acids which have anti-inflammatory properties and provide support for skin and coat condition and joint health.

White Fish are a source of protein and Vitamins B6, B12 and Niacin. They are also a source of Omega 3 fatty acids which may help to support skin and coat health and healthy joints.

Trout is naturally rich in omega 3 essential fatty acids which may help to support skin and coat condition and may help maintain healthy joints.

For more information regarding our Treats range see GA MyHub or speak with your dedicated account manager.
