## 80% Poultry Treats

### For Dogs and Cats

#### Your Treats Range 80/20

We ensure the same level of care, attention and nutritional expertise goes into each and every one of our treats. Each one is specifically formulated to be both a palatable and nutritious complementary feeding supplement.

Using our Freshtrusion™ technology, this treats range provides a nutritious and healthy way to reward pets.

The range has been formulated with responsibly sourced and highly digestible protein and is packed with 80% freshly prepared animal ingredients.

#### Your 80% Poultry Treat

**Chicken** is a lean protein source rich in essential amino acids. It is also a good source of vitamins & minerals including B vitamins and iron which help contribute to overall health and well-being.

**Duck** is a lean, nutrient-dense source of protein and also provides nutrients such as iron, selenium, B vitamins and zinc which contribute towards general health and wellbeing.

**Turkey** is a lean protein source rich in essential amino acids. It is also low in fat and a good source of essential nutrients such as riboflavin, potassium and selenium.

For more information regarding our Treats range see GA MyHub or speak with your dedicated account manager.
